

## MHTCET EXAM 2023

### State Entrance Exam: List of Exams, Notifications & Dates – PW

The Maharashtra Common Entrance Test (MHT-CET) is a [state-level entrance examination](#) conducted by the Government of Maharashtra, India. The exam is held to provide admission to various undergraduate courses in Engineering and Pharmacy offered by colleges in Maharashtra.

MHT-CET is usually held in May every year. **MHT CET** is an online examination that employs multiple-choice questions to assess the aptitude and knowledge of the candidates. The test comprises three separate papers that evaluate the candidates' understanding.

- Physics,
- Chemistry,
- Mathematics.

Each paper has a duration of 90 minutes.

Candidates who wish to appear for MHT-CET must meet the eligibility criteria, which include passing the 10+2 or equivalent examination with the required minimum percentage of marks. The application process for MHT-CET usually begins in January, and interested candidates can apply online on the official website of the exam.

MHT-CET is a highly competitive exam, and candidates must prepare thoroughly to secure a good rank. They can refer to the previous year's question papers and practice mock tests to understand the exam pattern and difficulty level.

Candidates can also join coaching classes or self-study to prepare for the exam.

### MHT-CET Important Dates

The [MHT CET dates](#) for Engineering and Biology have been released. According to the latest announcement, the **MHT CET 2023** PCM exam is scheduled from May 9 to May 13, while the PCB paper will be held from May 15 to May 20. Aspirants preparing for this [MHT CET entrance exam](#) must stay up-to-date with any changes or updates related to the exam date of MHT CET 2023. It is important to regularly check the official website to stay informed and plan your exam preparation accordingly.

Particulars	Dates
MHT CET 2023 Notification	First week of March 2023
Commencement of MHT CET registration	March 2023
MHT CET application form 2023 last date	March 2023
MHT CET 2023 Form Correction Date	April 2023
MHT CET 2023 Admit Card Release Date	April 2023
MHT CET 2023 Exam Date	PCM- May 9, 10, 11, 12, 13, 2023 PCB- May 15, 16, 17, 18, 19, 20, 2023
MHT CET 2023 Answer Key Release Date	June 2023
MHT CET 2023 Result Date	July 1, 2023
MHT CET 2023 Counseling Start Date	July 2023

## MHT – CET Syllabus

The authorities have made available the [MHT CET 2023 syllabus](#) in a PDF format online. Knowing the syllabus in advance can be advantageous for candidates as it allows them to evaluate what needs to be studied and plan their preparation and strategies accordingly.

Physics MHT CET Syllabus	
Class 11th Topics	Class 12th Topics
<ul style="list-style-type: none"> <li>• Measurements</li> <li>• Scalars and Vectors</li> <li>• Force</li> <li>• Friction in solids and liquids</li> <li>• Refraction of Light</li> <li>• Ray optics</li> <li>• Magnetic effect of electric current</li> <li>• Magnetism</li> </ul>	<ul style="list-style-type: none"> <li>• Circular motion,</li> <li>• Rotational motion,</li> <li>• Oscillations,</li> <li>• Gravitation,</li> <li>• Elasticity,</li> <li>• Electrostatics,</li> <li>• Wave Motion,</li> <li>• Magnetism,</li> <li>• Surface Tension,</li> <li>• Wave Theory of Light,</li> <li>• Stationary Waves,</li> <li>• Kinetic Theory of Gases and Radiation,</li> <li>• Interference and Diffraction,</li> <li>• Current Electricity,</li> <li>• Magnetic Effects of Electric Current,</li> <li>• Electromagnetic Inductions,</li> <li>• Electrons and Photons,</li> <li>• Atoms,</li> <li>• Molecules,</li> <li>• Nuclei,</li> <li>• Semiconductors,</li> <li>• Communication Systems</li> </ul>

## MHT-CET Exam Pattern

The **MHT CET 2023 exam** is an important entrance exam for students seeking admission to undergraduate courses in various colleges and universities in Maharashtra. Therefore, candidates must be well-prepared and familiar with the **MHTCET exam pattern** and **MHTCET syllabus** before taking the exam.

### MHT CET 2023 Exam Pattern

The MHT CET 2023 examination will cover four subjects:

- Physics,
- Chemistry,
- Botany,
- Zoology.

The medium of examination can be chosen from three options:

- Marathi,
- English or Urdu.

1. The exam will consist of 200 questions in total, with 50 questions each from Physics, Chemistry, Botany, and Zoology.
2. For every correct answer in Biology, Physics, and Chemistry sections, candidates will be awarded 1 mark each.
3. There will be no negative marking for any wrong or unattempted questions.
4. The duration for the Physics and Chemistry sections is 90 minutes each.
5. After completing the Physics and Chemistry sections, candidates will have 90 minutes to complete the Biology section.
6. It is important to note that the Biology section will only become available after completing the Physics and Chemistry sections.

Particulars	Details
Mode of Examination	Online, Computer Based Test
Duration of Exam	180 minutes (90 minutes for each Section)
Sections	<p>There will be two sections-</p> <p>Section 1- Physics and Chemistry</p>

	Section 2- Mathematics
<b>Total number of Questions</b>	150 (50 questions for each subject)
<b>Marking Scheme</b>	Physics & Chemistry – 1 mark will be awarded for every correct answer.  Mathematics – 2 marks will be awarded for every correct answer.  There will be no negative marking.
<b>Type of Questions</b>	Multiple Choice Questions
<b>Total number of Questions</b>	150 (50 questions for each subject)
<b>Language of Examination</b>	Mathematics will be in the English language Physics.  Chemistry will be in English/Urdu/Marathi
<b>Number of Papers</b>	Paper 1 – PCM (Physics, Chemistry, Mathematics)  Paper 1 – PCB (Physics, Chemistry, Biology)

### MHT-CET Eligibility Criteria

Meeting the [MHT CET eligibility](#) requirements is necessary for admission to undergraduate engineering, pharmacy, and other fields in various colleges and universities in Maharashtra. It is important for candidates to carefully review the eligibility criteria before applying for the MHT CET 2023 exam.

Eligibility Criteria	Requirements
<b>Nationality</b>	Candidates must be Indian nationals.
<b>Age Limit</b>	There is no age limit for candidates
<b>Qualifying Exam</b>	Candidates must have passed their 10+2 or equivalent examination from a recognised board/university.  For the Engineering exam, candidates must have studied Physics, Chemistry, and Mathematics.  For the Pharmacy exam, candidates must have studied Physics, Chemistry, and Biology. Candidates appearing in their 12th boards or qualifying examination are also eligible to apply.

### MHT-CET Application form

To fill out the [MHT CET registration form](#), candidates must follow the steps below. Candidates must pay attention to the details and complete all the steps accurately to avoid any issues with their application:

- Click to get in the official website of [MHT CET 2023](#).
- Click on "New Candidate Registration" to create your account.
- Fill in your details, such as name, email, mobile number, etc., and click on the "Register" button.
- A verification code (OTP) will be sent on your registered mobile number. Enter the OTP in the given field to verify your account.
- After successful verification, log in to your account using your registered email and password.
- Click "MHT CET Application Form 2023" to complete the application form.
- Fill in the required details, such as personal information etc.
- Once done, submit it.

### Documentation Requirement for MHT-CET 2023.

To complete the MHT CET 2023 application form, students should gather and prepare the following documents beforehand:

- Mark sheet of Class 10th and 12th
- Proof of Date of Birth (D.O.B)
- Domicile certificate
- Caste certificate (if applicable)
- Address proof
- Scanned copies of passport-sized photographs and signature
- Internet banking details or Credit/Debit card details for fee payment

**Note:** Candidates need to keep their MHT CET 2023 login details safe and secure as they will be required for various stages of the admission process, including filling out the application form, downloading the admit card, checking the result, and participating in the counseling

process.

## MHT-CET Counselling Process

The CET cell in Maharashtra is set to unveil the [MHT CET 2023 counselling](#) schedule on its official website. The allotment of seats under CAP will be conducted, and candidates will have to accept the seat offered. Once the seat allotment results are out, candidates must report to their allotted institution and complete their admission process by submitting the necessary documents and paying the fees. Interestingly, there will be no charge for counselling the candidates who have qualified for

## Documents Required for Counselling

To participate in the MHT CET 2023 counselling, candidates must possess certain important documents, which include their

- MHT CET Result 2023,
- Character Certificate,
- Migration Certificate,
- Category Certificate (if relevant),
- School Leaving Certificate,
- 10th Standard Pass Certificate & Mark Sheet,
- 12th Standard Pass Certificate & Mark Sheet,
- Domicile Certificate of Maharashtra (if applicable)
- MHT CET Admit Card 2023.

## MHT-CET Result

[MHT CET result](#) is important for candidates who have appeared for the MHT CET. Know the ways and details to check the result now.

### How to check MHT-CET Result

1. Visit the MHT CET official website.
2. Click on the result of MHT CET 2023.
3. Candidates have to enter their registration number and date of birth (DOB).
4. Also, enter the captcha code and login.
5. The MHT CET result 2023 will appear on the screen.

### Details Mentioned In MHT-CET Result

The [MHT CET Result 2023](#) will include important information such as

- The candidate's name,
- Roll number,
- Application number,
- And their total MHT CET percentile score.

Additionally, the subject group and subject-wise percentile score will be listed, along with a photograph and signature of the candidate.

The name of the candidate's parents will also be provided for identification purposes.

## MHT-CET Admit Card

The [MHT CET hall ticket](#) for 2023 is a crucial document, and candidates need to download it promptly using the MHT CET admit card link. Therefore, candidates must obtain the hall ticket without delay to avoid any inconvenience or issues. It is crucial to download the hall ticket from the official website to ensure everything is accurate.

## MHT-CET Previous Year Questions

If you are looking for [MHT CET previous year question papers](#), you can find them. The website contains the previous year's question papers and their respective answer keys in downloadable PDF formats for your reference and practice. You can also find these question papers on other education portals and websites. Solving previous year's question papers can help you understand the exam pattern, identify important topics, and practice time management, which is crucial for achieving good scores in MHT CET 2023.

## Frequently Asked Questions (FAQs)

### Q1. Is MHT CET very difficult?

**Ans.** The MHT CET exams are considered as Easy to Moderate.

### Q2. What is the use of the MHT CET exam?

**Ans.** MHT CET is a state-level exam administered by the Directorate of Technical Education, Government of Maharashtra. Its purpose is to facilitate admission into full-time degree programs in engineering and pharmacy courses offered by various colleges in Maharashtra.

### Q3. In how many languages does the MHT CET exam take?

**Ans.** MHT-CET are conducted in 3 languages

- English
- Urdu
- Marathi

### Q4. What is the duration of the MHT CET exam?

**Ans.** In MHT CET 2023, candidates will have 180 minutes, or 3 hours, to attempt all three papers. The exam consists of Mathematics, Physics, and Chemistry papers, and candidates must complete all three

papers within the given time frame.

#### Know about Physics Wallah

Physics Wallah is India's top online ed-tech platform that provides affordable and comprehensive learning experience to students of classes 6 to 12 and those preparing for JEE and NEET exams. We also provide extensive NCERT solutions, sample papers, NEET, JEE Mains, BITSAT previous year papers, which makes us a one-stop solution for all resources.

Physics Wallah also caters to **over 3.5 million** registered students and over 78 lakh+ YouTube subscribers with 4.8 rating on its app.

#### We Stand Out because

We successfully provide students with intensive courses by India's top faculties and personal mentors. PW strives to make the learning

experience comprehensive and accessible for students of all sections of society. We believe in empowering every single student who couldn't dream of a good career in engineering and medical field earlier.

#### Our Key Focus Areas

Physics Wallah's main focus is to make the learning experience as economical as possible for all students. With our affordable courses like Lakshya, Udaan and Arjuna and many others, we have been able to provide a platform for lakhs of aspirants. From providing Chemistry, Maths, Physics formula to giving e-books of eminent authors like RD Sharma, RS Aggarwal and Lakhmir Singh, PW focuses on every single student's need for preparation.

#### What Makes Us Different

Physics Wallah strives to develop a comprehensive pedagogical structure for students, where they get a state-of-the-art learning experience with study material and resources. Apart from catering students preparing for JEE Mains and NEET, PW also provides study material for each state board like Uttar Pradesh, Bihar, and others.
